5. Were the refreshments provided:	<u>Very Good</u> 4	<u>Satisfactory</u> 7	<u>Poor</u> 1
Suggestions for Improvement - Catering, Room and Location	Suggestions for Improvement - Discussion Content		
<ul style="list-style-type: none"> • Vegetarian suggestions of boiled vegetables in samosas rather than egg sandwiches • Hearing impaired, need a Loop System • Provision of PA System • Alter the layout of the meeting so that the person speaking can be heard • Room too small, blinds not working • Hot and cold water needs to be provided • Venue difficult to get to and costly but not a problem due to reimbursement 	<ul style="list-style-type: none"> • Slow down, too much jargon, others 'au fait' with health service committees • Some members not aware of 'strategic' views and need reminding that they should not have too many 'local' or 'personal' issues • Unproductive discussions E.g. Nolan principles. Need to discuss health issues • Questions should be directed at BG's presentation, not to respond to individuals with local problems • Discussion exercise in groups was wasted, no feedback
